

CITY OF GARDEN GROVE

**INTER-DEPARTMENT MEMORANDUM**

To: Allan Roeder

From: Todd Elgin

Dept: City Manager

Dept: Police

Subject: Calls for Service / All GGUSD  
High Schools

Date: February 3, 2015

The topic of relocating Marie L. Hare Continuation High School to the Chapman Hettinga Education Center on Knott Avenue has been a topic of conversation between the Garden Grove School District and the West Garden Grove residents. As a result, there have been multiple requests for "calls for service" statistics surrounding all of the high schools in the Garden Grove School District. The statistics associated with Hare Continuation High School have been posted on the city's Internet page for review.

On February 2, 2015, I spoke to Garden Grove School District Superintendent Gabriela Mafi. She requested that I provide her with the same type of statistical data for the remaining high schools in the city. In addition, I also received the same request from Mayor Bao Nguyen. Please note that the information provided is for the high schools that are located in the City of Garden Grove only. Los Amigos High School and La Quinta High School are located outside of the city limits and those statistics are not available at this time. Three years of data for "calls for service" statistics as requested by Superintendent Mafi and Mayor Nguyen are attached.

If you have any questions, please contact me at extension 5865.

Todd D. Elgin

Chief of Police
