Construction News Week of March 30, 2020

Pole Foundation Installation

Crews will start to install foundations for the poles necessary to carry the overhead wiring for the OC Streetcar. Work activities will include excavation, trenching, concrete pours and road work and restoration. Tree trimming and, in some cases, tree removals may be necessary along the streetcar route. Crews will follow all necessary guidelines for monitoring possible bird nesting's with an arborist. Foundation installation work requires temporary parking and lane restrictions.

Water Pipeline and Storm Drain Work

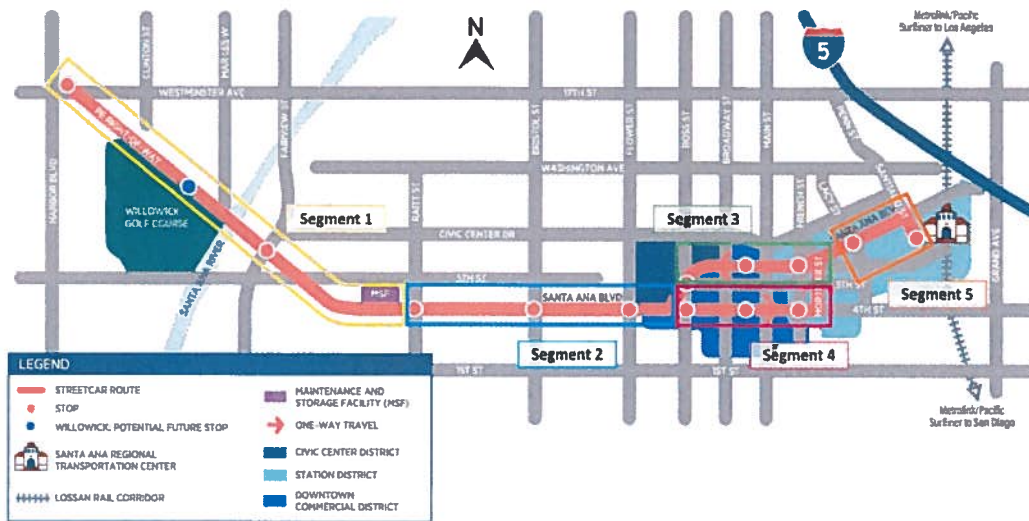

Crews continue to perform water pipeline work and storm drain installation work along the project route, which include excavation, trenching, installation of water pipelines, and road work and restoration. Water pipeline and storm drain installation work requires temporary parking and lane restrictions.

Access will be maintained for all residents and businesses.

For specific work activities in your area, see the segment overviews below. All scheduled activities are weather permitting and are subject to change. For daily updates, please download the OC Streetcar app available in the [Apple Store](#) and [Google Play](#).

Weather and resource availability may affect activity dates and times.

About the Project

OC Streetcar is the first modern streetcar project to be built in Orange County and will serve Santa Ana's historic and thriving downtown, which includes federal, state and local courthouses, government offices, colleges, an artists' village and a thriving restaurant scene. Expected to begin carrying passengers in 2022, it will operate along a 4.15-mile route that connects the Santa Ana Regional Transportation Center (SARTC) and a new transit hub at Harbor Boulevard and Westminster Avenue in Garden Grove.

City of Santa Ana
Downtown Orange County

Advisory: OC Streetcar Construction During COVID-19 Closures

Dear Nixle User,

Starting Monday, March 30, 2020, while many businesses on 4th Street are closed to the public, Orange County Transportation Authority (OCTA) will be adding OC Streetcar construction crews during the day and night to replace the water line between Broadway and Mortimer Street. This effort will reduce the time of inconvenience from the OC Streetcar construction significantly. With a 24-hour street closure on 4th Street and crews able to work during the day and night, the construction timeframe will be

substantially shorter.

Construction crews will begin work between Main Street and Spurgeon Street and, once the work is completed after approximately one week, will move to work between Broadway to Main Street for approximately one week. Sidewalks will remain open and access to businesses will be maintained at all times.

The general daytime work hours for construction activities will be 7 a.m. to 5 p.m., and the general nighttime work hours for construction activities will be 7 p.m. to 7 a.m. Please note, all scheduled activities are weather permitting and are subject to change.

Governor Newsom has issued a "stay at home" executive order to help reduce the spread of COVID-19. Construction of public transportation projects is considered an essential service and is exempt from this order. Work will continue on the OC Streetcar project as scheduled. Safety is our top priority; construction workers will be following all health and safety guidelines.

For up-to-date construction information, please download the OC Streetcar app available in the App Store and Google Play or follow OCTA on Facebook, Twitter, and Instagram. For any questions about the OC Streetcar project, please contact OCstreetcar@octa.net or (844) 746-6272.

Thank you for your patience and understanding during the OC Streetcar construction!

Man arrested after shooting inside a house, car set on fire in Orange

By Alma Fausto

afausto@scng.com

[@AlmaFausto1](#) on Twitter

A 27-year-old man was arrested after police said he shot at an Orange house with people inside and later set the car in the home's driveway on fire.

On Tuesday night, police were called about 9 p.m. to a home in the 500 block of North Milford

Road, said Orange police Sgt. Phil McMullin.

Callers reported hearing multiple shots fired from a car, and at least one of them hit the house, McMullin said. No one inside the home was hurt.

The suspect fled in a black sedan before police arrived.

The next night, on Wednesday about 7:45 p.m., officers were called to the same residence about a car in the driveway on fire. Orange firefighters responded and extinguished the blaze in the car, which was empty at the time, McMullin said.

Witnesses reported seeing the same black sedan leaving the scene of the burning car. About 15 minutes later, the officers found the suspect's car near Chapman Avenue and Haster Street in Garden Grove. They tried to stop the

car but it fled west on Chapman so Garden Grove and Anaheim police were called to help with the pursuit.

The chase ended when the car hit a center divider on Harbor and Garden Grove boulevards, McMullin said. The driver, Jimmy Salgado of Garden Grove, was arrested. He was booked into jail on suspicion of shooting into an inhabited residence, criminal

threats, arson, felony evading and weapons charges.

McMullin said Salgado had some dispute with someone in the residence, but police would not give details about it, citing the ongoing investigation. Apart from the shooting and arson, the suspect also had contacted the victim and made threats, police say.

Jail records show Salgado is being held in lieu of \$250,000 bail.

COVID hits GG, WM, Stanton

But numbers are relatively low; OC reports 400-plus cases

By Brady Rhoades

The OC Health Care Agency has released data on COVID-19, and Garden Grove and Westminster have eight and twelve cases. Four COVID-related deaths has occurred in the county; county officials have not released the names or cities of residence of the victims.

In all, Orange County has 431 cases. Anaheim has the most reported cases at 41; Newport Beach is next with 32. Stanton has the least number of cases at one.

Garden Grove, Westminster and Stanton leaders have taken extraordinary steps to prevent the spread of the virus, closing all city facilities and schools, opening emergency operation centers and updating citizens on steps they can take to avoid contracting

the deadly virus.

Garden Grove recently extended closures of City Hall and other city facilities, cancellation of city programs and classes, suspension of water shut-offs for non-payment, and the discontinuation of street sweeping parking

steps. "We must be proactive as a community to protect our safety and welfare, and this includes

citations through April 17. The city's Emergency Operation Centers will also remain activated through April 17.

telephone. Bilingual Vietnamese and Spanish-speaking staff will also be available to provide assistance."

"The fact that the City of Stanton has only one, that's great for the city... but not enough testing is done, so we need to continue distancing and following the county order," said Mayor David Shawver.

His advice to his constituency? "They should develop a plan for their family," he said.

In addition, the County of Orange has issued what amounts to a shelter-in-place order. What the county and state deem essential businesses can stay open; non-essential business have been forced to close. And residents have been told to stay at home unless carrying out essential tasks such as grocery shopping and banking.

"It's a very difficult time, said

Laura Burke, of Westminster. "We have children at home, so that's our main focus. My husband works at an essential business, so when he comes home, he changes clothes, showers, then gets to hug his babies. We're all keeping our fingers crossed and doing everything we can to stay safe."

Garden Grove is the fifth largest city in the county with 175,000 residents. Westminster is 10th largest with 92,000 residents. Stanton, with 39,000 locals, is one of the smallest cities in the county.

Nationally, the virus continues to spread. As of press time, the United States had recorded about 150,000 cases, with 2,800 deaths. Globally, the numbers are even worse.

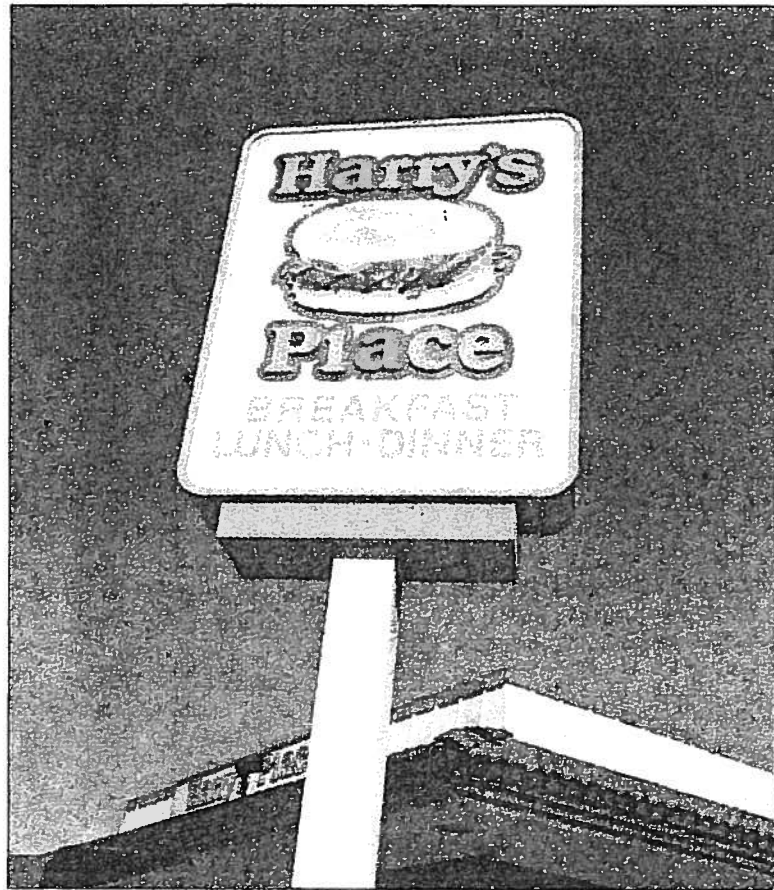

It's an unprecedented time in many people's lifetimes. Nearly everyone is adjusting to a new normal. The good news, according to medical experts, is that if Orange County residents abide by the county order and minimize contact with other people, the virus can be contained.

Yes, these are tough times. But many businesses in Garden Grove are still open, including a staple of the community: Harry's. Harry's serves great food with quick service. The iconic eatery has changed its model to get through the crisis: like all restaurants that can adjust, Harry's is offering its food — check out the menu at the restaurant's website — on a to-go basis. We know you're limited in your movements these days, but... support your local businesses! You can still order products. Another thing you can do is buy gift certificates, to be used later. Harry's is at 7181 Garden Grove Blvd. in Garden Grove. Phone: 714-895-9745.

CITY REMINDS TENANTS, LANDLORDS OF EVICTION MORATORIUM IN PLACE THROUGH MAY 31

As a reminder to Garden Grove tenants and landlords, on March 24, 2020, the Garden Grove City Council approved a local emergency resolution that includes a moratorium on rental evictions through May 31, 2020, for tenants who are unable to pay their rent due to causes directly related to the COVID-19 pandemic.

At the Tuesday, March 24 regular City Council meeting, the Garden Grove City Council adopted Resolution 9613-20, ratifying a proclamation of a local emergency due to the COVID-19 pandemic. The resolution further adopted an order establishing a temporary moratorium on residential and commercial evictions and foreclosures in the city through Sunday, May 31, 2020.

The City's moratorium applies when a tenant can document, as a result of COVID-19, the inability to pay rent due to a substantial decrease in household or business income caused by a:

- Layoff, or reduction in compensable hours of work;
- Reduction in open business hours or consumer demand; or
- Substantial out-of-pocket medical expenses

The moratorium does not relieve a tenant of the obligation to pay rent, nor restrict a landlord's ability to recover rent due, and was established pursuant to Governor Gavin Newsom's Executive Order N-28-20 adopted on March 16, 2020.

CITY REMINDS TENANTS, LANDLORDS OF EVICTION MORATORIUM IN PLACE
2-2-2

On March 27, 2020, Governor Newsom issued Executive Order N-37-20 imposing a statewide moratorium suspending residential evictions through May 31, 2020. The statewide moratorium protects residential tenants under specified conditions, including a requirement that the tenant has paid rent prior to March 27, 2020, and the tenant notifies the landlord in writing before rent is due that the tenant needs to delay all or some payment of rent because of three specified conditions associated with the COVID-19 pandemic. Governor Newsom's order is intended to build upon his previous executive order granting the City specific authority to halt evictions for renters impacted by the pandemic.

Both actions require tenants to document the need to delay all or some payment of rent and still require tenants to pay their rent if able, or as soon as the moratorium expires on May 31, 2020.

Local residential tenants should follow the directives of Governor Newsom's statewide moratorium. Commercial tenants should communicate with their landlords about the documented impacts of COVID-19 on their business, and work out a payment plan. Neither the statewide moratorium for residential tenants, nor the City's moratorium (which also includes commercial tenants) can protect tenants that fail to pay their rent due to causes not directly related to the COVID-19 pandemic.

Tuyên Bố Của Cục Thống Kê Dân Số Về Virus Corona Và Thống Kê Dân Số 2020

25/03/2020 11:59:00

Văn Phòng Thông Tin Cộng Đồng census.gov

NGÀY 11 THÁNG BA, 2020 — Cục Thống Kê Dân Số Hoa Kỳ đang theo dõi chặt chẽ tình hình virus corona (COVID-19) và sẽ tuân theo hướng dẫn của cơ quan y tế liên bang, tiểu bang và địa phương. Chúng tôi cũng đã thành lập Lực Lượng Đặc Nhiệm COVID-19 Cục Thống Kê Dân Số để liên tục theo dõi tình hình và cập nhật Phụ Lục Đại Dịch của Kế Hoạch Hoạt Động Liên Tục của Cục Thống Kê Dân Số (Census Bureau Continuity of Operations, hoặc COOP).

Sự chuẩn bị và lập kế hoạch dự phòng của chúng tôi tập trung vào hai nguyên tắc chính: Sức khỏe và sự an toàn của nhân viên và công chúng là điều quan trọng nhất và cần cần nhắc nhiều nhất. Chúng tôi phải thực hiện nghĩa vụ của mình theo hiến pháp để nộp kết quả Thống Kê Dân Số 2020 cho Tổng Thống Hoa Kỳ theo lịch trình, và chúng tôi phải nghiêm túc thi hành nhiệm vụ cốt lõi của mình là kiểm đếm mọi người một lần, chỉ một lần và đúng địa điểm.

Thông điệp chính ngay bây giờ cho những ai có thắc mắc về việc COVID-19 sẽ ảnh hưởng thế nào đến Thống Kê Dân Số 2020 là: Việc tự mình trả lời thống kê dân số dễ dàng hơn bao giờ hết, dù là trả lời trực tuyến, qua điện thoại hay qua thư mà không cần phải tương tác với nhân viên kiểm đếm.

Từ ngày 12 đến 20 tháng Ba, các hộ gia đình sẽ nhận được thư mời đầu tiên trong số nhiều thư mời tham gia Thống Kê Dân Số 2020.

Chúng tôi khuyến khích mọi người nên trả lời thống kê dân số trực tuyến ngay sau khi quý vị nhận được thư mời kèm theo hướng dẫn về cách truy cập trực tuyến. Hướng dẫn này có bao gồm địa chỉ trang web của bản câu hỏi trực tuyến bằng tiếng Anh cũng như nơi trả lời trực tuyến bằng 12 ngôn ngữ bổ sung - đảm bảo trên 99% hộ gia đình ở Hoa Kỳ có thể trả lời trực tuyến bằng ngôn ngữ mà họ thường dùng.

Thư mời cũng sẽ ghi số điện thoại để trả lời bằng tiếng Anh và 12 ngôn ngữ bổ sung. Hơn 99% hộ gia đình ở Hoa Kỳ có thể trả lời qua điện thoại bằng ngôn ngữ mà họ thường dùng. Sẽ có hỗ trợ qua điện thoại bảy ngày một tuần từ 7:00 sáng đến 2:00 sáng giờ Miền Đông cho những ai muốn trả lời qua điện thoại.

Một số hộ gia đình – ở các khu vực ít có khả năng trả lời trực tuyến – sẽ nhận được một bản câu hỏi giấy trong lần gửi thư đầu tiên; chúng tôi sẽ gửi bản câu hỏi giấy cho tất cả các hộ gia đình không trả lời trực tuyến hoặc qua điện thoại từ ngày 8 đến 16 tháng Tư. Bản câu hỏi giấy sẽ đi kèm với một phong bì trả trước bưu phí để quý vị có thể gửi trả lại bản câu hỏi cho chúng tôi qua bưu điện.

Lực lượng nhân viên kiểm đếm dự kiến sẽ triển khai chiến dịch Liên Lạc Lại Đối Tượng Chưa Trả Lời ở một số ít cộng đồng, bắt đầu sớm nhất là vào ngày 9 tháng Tư và cả nước vào ngày 13 tháng Năm. Các hộ gia đình vẫn có thể tự trả lời trong giai đoạn này (quy vi có thể trả lời trực tuyến và qua điện thoại cho đến hết ngày 31 tháng Bảy).

Cục Thống Kê Dân Số sẽ theo dõi chặt chẽ hướng dẫn từ các cơ quan y tế cộng đồng khi tiến hành hoạt động này giống như khi chúng tôi tiến hành tất cả các hoạt động hiện trường khác.

Nếu chúng tôi cần trì hoãn hoặc ngừng liên lạc lại các đối tượng chưa trả lời ở một cộng đồng cụ thể nào đó, chúng tôi sẽ điều chỉnh hoạt động của mình để đảm bảo chúng tôi có được thống kê đầy đủ và chính xác.

Hiện tại, chúng tôi đang thành công thực hiện một số khảo sát ngoài khảo sát mười năm một lần qua điện thoại ở những khu vực mà chúng tôi thấy đang bùng phát dịch bệnh.

Tương tự như vậy, các chuyên gia về hợp tác đang làm việc với các đối tác địa phương và tiến hành các cuộc họp qua điện thoại và viễn thông thay vì trực tiếp.

Chúng tôi đã thiết kế các hoạt động năm 2020 của mình chính xác là nhằm mục đích cung cấp cho quý vị nhiều phương tiện để trả lời. Theo quá trình đó, chúng tôi cũng có thể thực hiện các điều chỉnh khi cần thiết ở cấp địa phương cho các hoạt động đặc biệt. Chẳng hạn, hoạt động kiểm đếm các "chỗ ở tập thể," nhằm kiểm đếm dân số ở các viện dưỡng lão, kỳ túc xá đại học nhà tù và cơ sở sinh hoạt khác, cung cấp vô số cách để trả lời chẳng hạn như thông qua hệ thống eResponse, danh sách giấy hoặc cơ sở tự kiểm đếm. Tương tự như vậy, hoạt động "kiểm đếm dựa trên dịch vụ" là để kiểm đếm những người vô gia cư tại những nơi mà họ nhận dịch vụ. Quản trị viên tại các cơ sở này có khá nhiều phương tiện để trả lời.

Nói tóm lại, khi một cộng đồng, cơ sở hoặc tổ chức dịch vụ thực hiện một thay đổi mà sẽ ảnh hưởng đến bất kỳ hoạt động lại hiện trường nào, chúng tôi sẽ điều chỉnh để đảm bảo chúng tôi kiểm đếm cùng một nhóm dân số đó theo cách khác.

Chúng tôi sẽ làm việc để cập nhật thông tin về tất cả những thay đổi về hoạt động với chính quyền địa phương, đối tác cộng đồng và gởi truyền thông. Chúng tôi cũng sẽ làm việc với các đối tác cộng đồng để tiếp tục động viên mọi người tự trả lời cho đến hết giai đoạn liên lạc lại đối tượng chưa trả lời.

Chúng tôi cũng có ngân sách dự phòng đáng kể để giải quyết chi phí thay đổi hoạt động. Khi cần, chúng tôi sẽ thuê thêm nhân viên, quản lý hoạt động ở nhiều văn phòng khác nhau hoặc gửi thêm thư nhắc nhở và bản câu hỏi đến các khu vực bị ảnh hưởng bởi đại dịch.

Chúng tôi sẽ tiếp tục theo dõi tình hình và thực hiện các bước thích hợp dưới sự chỉ đạo của các cơ quan y tế cộng đồng.

League Offers Webinar Series on Adapting City Operations in Response to COVID-19

April 1, 2020

The League of California Cities is conducting a series of webinars to assist city officials with their response to the COVID-19 public health emergency.

Some of the webinar topics include how to conduct meetings while physical distancing, parking requirements, emergency orders and declarations, park closures, issues for employers, and financial support.

COVID-19 Webinar Series: City Parking Requirements

The first in the series of webinars was held March 30, where cities heard about city parking requirements and how to best adapt operations in response to [#COVID19](#). In an effort to mitigate parking impacts to residents caused by COVID-19, cities are providing free alternative off-street parking options and increasing on-street parking meter courtesy times.

During this webinar, participants heard from presenter and City of Sacramento Parking Services Manager Matt Eierman about how cities can suspend parking requirements, how to keep streets safe, and other tips to help alleviate city parking stresses.

Eierman described the tactics that a city with an estimated population of 501,334 has implemented as a result of COVID-19, including some of the measures the city has taken to maintain parking operations while at the same time ease the burden on residents as stay at home orders are in place.

COVID-19 Webinar Series: CARES Act Briefing with the National League of Cities

The second COVID-19 response series, was a joint webinar with the National League of Cities (NLC) on March 31, where cities received a briefing on the new CARES Act. The CARES Act ([H.R. 748](#)) is a \$2 trillion Federal relief package intended to provide emergency relief to families, businesses, states, and local governments in response to the COVID-19 crisis.

NLC Senior Executive and Director of Federal Advocacy Irma Esparza Diggs provided webinar participants information on how the CARES Act will fulfill some of the immediate needs of municipal governments to address COVID-19, how governors can use the Coronavirus Relief Fund to allocate resources to local governments, and how cities can access federal funding directly for local budget relief.

Upcoming Webinars

Next week, the League will host two webinars, including loitering prevention in city parks and issuing emergency declarations. Future webinars will be posted on the League's website at www.cacities.org/events and posted on the League's Facebook and twitter pages. Registration for these webinars is free for League members and \$100 for non-member cities and all others. Visit www.cacities.org/events to register.

Cities Support Businesses, Homeless, Seniors, and Boost Virtual Connections During Coronavirus Pandemic

April 1, 2020

As many Californians settle into a new physical distancing way of life, cities are working hard to provide their communities with access to resources for care, protection, food, and essential services so that their residents may weather through the COVID-19 pandemic together, while apart.

Local leaders statewide are continuing to step up and address these challenges with creative solutions.

Helping Local Businesses

In an effort to help the local business community, the [City of San Marcos](#) City Council approved the City of San Marcos COVID-19 Business Sustainability Program on March 24, 2020. The program includes setting aside up to \$3,000,000 of the city's General Fund Reserves for short-term business loans.

The City of Santa Monica created an inventive way to connect residents with local businesses that are open and providing essential services. The city developed a multilayer interactive map with categories like food, medical care, and childcare into the [Santa Monica Essential Business Services Map](#).

The [City of Gustine](#) is helping residents to do their part to stay at home amidst the COVID-19 situation by assisting local businesses with delivery of restaurant orders and pharmacy prescriptions free of charge.

"Our citizens have done an outstanding job so far in honoring the Governor's directive and we want to assist them in doing so as we can," Gustine City Manager Doug Dunford said.

Helping the Homeless

The [City of Los Angeles](#) opened five additional emergency shelters at Los Angeles recreation centers for homeless residents, with 500 camper trailers on their way from the state, to help bring people indoors. According to the CDC, an outbreak of COVID-19 in your community could cause illness among people experiencing homelessness, contribute to an increase in emergency shelter usage, and lead to illness and absenteeism among homeless service provider staff. Opening additional emergency shelters and supplying isolated camper trailers will help follow community planning guidelines set forth by the CDC, as a way to protect people experiencing homelessness,

homeless service provider staff, and volunteers from this disease.

The City of Culver City is working with Los Angeles County, local businesses, and the Culver City Police Department's Mental Health Evaluation Team (MHET) to reach out to people currently experiencing homelessness. City staff provide important information about nearby shelters, pass out hand sanitizers, and installed three hand washing stations at the city's largest encampment.

Senior Resources

In the last two weeks, the City of Culver City boosted services for its seniors. Culver City Parks, Recreation and Community Services Department, through the Senior Nutrition Program and Social Services, converted their on-site meal programs to pick-up and delivery service without impacting the seniors. The meal program has increased the number of meal delivery routes by 400 percent, providing more than 1,500 meals so far, and transferred from the lunch room to the front porch. Volunteers wear protective gloves, adhere to social distancing guidelines, and deliver every meal with a smile.

The City of Diamond Bar has activated a new phone line to provide Diamond Bar seniors with recorded information about available resources during this COVID-19 crisis. This resource line addresses the concerns most often raised by community members age 60 and older who have called Diamond Bar City Hall during the past couple of weeks. The inquiries include where to obtain meals and how to secure transportation for medical appointments and grocery shopping. The recording is available every day at any time and the information is updated as details become available.

Community Involvement

The City of Monrovia has developed a new webpage called Monrovia Strong, to give residents access to professional development resources, virtual workouts and guided meditation, online story time, and other connections to stay positive.

The city of Mountain View publishes an electronic update three times a week called *The Briefing* to keep residents informed of the latest news surrounding COVID-19. Mountain View developed a list of how the city has responded over the last 14 days to address the COVID-19 response efforts. Additionally, the city created a fun way to stay positive and engage with neighbors from a distance by inviting residents to join in a Neighborhood Scavenger Hunt, by creating works of art in the daily theme and posting it in their windows for neighbors to see.

Tony Elliot, City of Santa Cruz Parks & Recreation Director, shared a message on ways to help keep families and the community safe by adhering to the shelter-in-place order, physical distancing guidance, and all posted department notices. Elliot shows how families at home can balance work with play, and emphasized the importance of prioritizing self-care through exercise and fresh air

nearby your home – rather than driving to public parks and beaches – to help prevent the spread of COVID-19.

Several organizations are coordinating food services to community members throughout San Diego County. A large drive thru event, highlighted in a video tweet by San Diego Mayor Kevin Faulconer on March 28, was sponsored by the Jacobs & Cushman San Diego Food Bank and the San Diego and Imperial Counties Labor Council. The food distribution event allowed for up to 1,000 cars to pass through and pick up enough food for 25 meals. People lined up hours before the 9 a.m. start to enter the parking lot of the San Diego County Credit Union Stadium, which shows the arising needs for these services as the coronavirus pandemic continues. The San Diego Food Bank will host a similar event next week at Del Mar Fairgrounds (north county), and a week after that at Grossmont Center (east county).

New Resource Map for Cities

Did you know 9 out of 10 California cities have declared a state of emergency in response to the COVID-19 pandemic? Check out the League's new interactive map that takes you straight into the city's declaration.

Cities declaring a state of emergency shouldn't be considered a higher risk for contracting the novel virus than cities that do not declare emergencies. The declarations are intended to give cities and towns the ability to free up funds to prepare for or respond to a disaster or an outbreak.

As cities work to provide resources and information for their residents, the League continues to update the coronavirus resource and response webpage as a resource for city staff. Daily updates on COVID-19 news, resources, and guidance specifically geared toward local leaders will help local governments navigate the current situation and is updated as new developments occur.

Cities that would like to share the actions they have taken in response to coronavirus can contact the communications team at communications@cacities.org. If you have questions related to COVID-19, please send them to covid-19@cacities.org.
